5. (Unclassified - JSW) Barbara Radcliffe, in the office of Representative Edward Gurney, called wishing some information on the Agency. I explained to her the pamphlet and the employment brochure and these seemed to meet her needs and they will be forwarded.

6. (Internal Use Only - JSW) Vince Augliere, Subcommittee on Foreign Operations and Government Information staff, inquired whether we could advise Mr. Moss about the Amelia Earhart situation in writing. I stated I would look into this and be in touch.

7. (Confidential - JSW) Robert Michaels, House Appropriations Committee staff, called indicating the Chairman would like to have a meeting of the CIA Subcommittee of House Appropriations at nine o'clock on 17 March. 8. (Internal Use Only - JSW) Talked with Representative James V. Smith who had heard the presentation on the logistics moves of the Viet Cong in the Tet period. He said it was most interesting and he would like to arrange a reshowing. I explained to him that this was a DIA presentation and suggested that if he wanted to arrange another showing, the staff of the House Armed Services Committee, Mr. Blandford or Mr. Kelleher, would probably be happy to do it for him. He thanked me for my assistance.

9. (Secret - JGO) Returned to Mr. Kelleher, House Armed Services Committee staff, the transcript of the briefing of 2 and 3 March.

10. (Unclassified - JGO) Met with Donald Cronin, Administrative Assistant to Senator Lister Hill, concerning a possible date for the Senator to visit the Agency. Cronin suggested Monday or Tuesday, 21 and 22 March, before the Senator's departure for the Easter recess and indicated the Senator's time after his return from the recess will be taken up with committee hearings. I indicated I would check these dates and be back in touch with him tomorrow.

11. (Unclassified - JGO) Met with Robert Bonitati, Administrative Assistant to Senator Howard Baker, and extended an invitation for breakfast for next week. Mr. Bonitati indicated that although the Senator was not available, he would check with him during the evening and we might discuss the matter further tomorrow either with the Senator or on the basis of his conversations this evening. A date of 22 March was suggested as a possible target.
